

Industry-Academia Partnership Programme - legacy awards

Below is a list of case studies produced by previous awardees. These awards were funded under the Industry-Academia Partnership Programme (IAPP), but the scope of activity remains the same.

Making energy generation less carbon intensive in China (/grants-and-prizes/international-research-and-collaborations/newton-fund-programmes/industry-academiapartnership/documents/case-studies/iapp-case-studies web china)

Using AI to improve sustainability of Colombian Oil Palm crops (Igrants-and-prizes/international-research-and-collaborations/newton-fund-programmes/industryacademia-partnership/documents/case-studies/iapp-case-studies web colombia)

Developing low-cost medical diagnostic devices for Indian villages (/grants-and-prizes/international-research-and-collaborations/newton-fund-programmes/industryacademia-partnership/documents/case-studies/iapp-case-studies web india-1)

<u>Iransforming_global health through computational cookstove design in India (/grants-and-prizes/international-research-and-collaborations/newton-fund-</u> programmes/industry-academia-partnership/documents/case-studies/iapp-case-studies web india-2)

Reducing plastic and improving waste management in Indonesia (/grants-and-prizes/international-research-and-collaborations/newton-fund-programmes/industryacademia-partnership/documents/case-studies/iapp-case-studies web indonesia)

 $\underline{\textbf{Monitoring health of new born infants in Jordan's refugee camps} (\underline{\textbf{/grants-and-prizes/international-research-and-collaborations/newton-fund-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/industry-programmes/indust$ academia-partnership/documents/case-studies/iapp-case-studies web jordan)

<u>Iransforming South African engineering education through virtual reality (/grants-and-prizes/international-research-and-collaborations/newton-fund-</u> <u>programmes/industry-academia-partnership/documents/case-studies/iapp-case-studies_web_south-africa)</u>

<u>Developing capacity to expand Bangkok's Metro system (/grants-and-prizes/international-research-and-collaborations/newton-fund-programmes/industry-academia-</u> partnership/documents/case-studies/iapp-case-studies_web_thailand)
